In rural areas mental health can be a taboo topic. Andrew, Anne and Harris Thompson have opened up their herd and selected the very best to support Black Dog Ride by raising awareness and supporting fundraising. Venturon rarely release females from their program. The most recent was Venturon Gorgeous at the Special Sister Sale in 2009 who went on to win Grand Champion Female at Sydney Royal and breed successfully for DSK Charolais. Venturon have selected a donor that was the calf at foot of the Adelaide Royal grand champion and sired by SVY Grizzly 521C. This poll heifer appeals to all that see her and her pedigree reflects the leading edge of the Venturon herd.

The packages on offer will comprise three embryos from two leading sires. HRJ Fan Favourite 804F, an exclusive Venturon sire, homozygous poll and red factor. Silverstream Manhatten, a leading sire from the heart of Silverstream and also homozygous.

**"Everybody is entitled to a healthy and happy life, It is with great pride we offer this opportunity from our donor pen, to support mental health awareness in the community and make a difference."** **Andrew, Anne & Harris**

Black Dog Ride ( raising awareness of depression & suicide prevention )

Black Dog Ride began in 2009 as a ride to raise awareness of depression, evolving into a national charity involving thousands of australians who have raised millions for mental health programs and fostered mental health awareness around the nation.

- Engaging and collaborating with local communities Australia wide
- Raising awareness of depression and suicide prevention in communities involved with the rides
- Building important social links for riders, community members, and community groups
- Linking riders and community groups to mental health support services
- Building the capacity of Black Dog Ride volunteers around Australia
- Supporting local business and community groups
- Raising vital funds for mental health services

Charolais breeders have access to a golden opportunity. Venturon Livestock are supporting the Black Dog Ride renowned for raising awareness of Mental Health. Venturon Clementine Q11 was scheduled to be auctioned live at the World Congress Sale in August. With the cancellation of this event the Thompson Family have offered to flush Clementine Q11E to two cutting edge sires and offer six (6) embryos packages comprising three embryos each. Five will be available on a first in best dressed basis and one package will be auctioned at the Sydney Royal show 2021.

The packages on offer will comprise three frozen embryos from two leading sires. One embryo will be sired by Canadian sire, HRJ Fan Favourite 804F. Exclusive to Venturon 804F is homozygous poll and red factor. Two embryos will be sired by Silverstream Manhattan, a leading sire from the heart of Silverstream and also homozygous. The Fan Favourite embryo is frozen already and the Manhattan embryos will be produced in early 2021 after Clementine Q11E calves out.

What an opportunity, support a great cause that is particularly relevant to the rural industry and enhance your breeding program with outcross poll genetics.
