Welcome one and all to our 2021 Kandanga Valley Summer bull sale, where we will offer 55 beefy bulls on Saturday January 23rd, commencing 10am.

We decided earlier in 2020 not to hold our Nebo bull sale. Due to the dry we were forced to supplementary feed these bulls and as a result we needed somewhere to sell them, so we have decided to present them here at 'Warravale' Kandanga in a special Summer sale.

As I write this we are still in the grips of drought right across our properties. A green drought around Gympie but we've commenced supplementary feeding at Moonie once again.

We hope by January 23rd that the season has turned for the better and if so, here is a great line-up of bulls ready for work to catch those late cycling cows.

This group of bulls has had a tough start to life but are now really hitting their straps. By sale day the Charbray bulls will be big, powerful boys and as good as any line we've ever presented.

The Charolais are slightly smaller framed than normal, due to the ongoing drought, but they're tough and know how to forage. They're very sleek coated and are showing that great Kandanga Valley muscling, backed up with good EBV's.

The Australian cattle market continues to break all price records and isn't it good to finally achieve a decent return for our top quality product that we're proud to produce. The agriculture sector is helping Australia recover from Covid and let's hope we continue to get the recognition we deserve for bringing in those most welcome export dollars.

We urge you to try a Kandanga Valley bull to lift your fertility, growth rates and carcass weights and therefore your profitability. And take 'full' advantage of these outstanding prices at the saleyards.

We're starting the sale earlier, at 10am, to beat the heat and possible storms and we would love to have some time with you, our old and new friends, on January 23rd, in the beautiful Mary Valley.

About Us & Stud History

Both the Kandanga Valley Charolais and Charbray studs were established in 1988. The first Charolais cattle at Kandanga were purchased by John's parents, Kev & Joan, in 1973 and there has been a Charolais infusion in the Kandanga Valley herd since those early days.

John and Roz purchased Warravale, Kandanga, from John's parents in 1986 and have since owned a Central Queensland property and properties in the Tansey and Gympie district plus agisted properties west of Gympie. Now having sold all of our Tansey grazing country we have secured a very nice property at Moonie on the western downs where most of our Charolais females now run.

We have raised four great children, Wade, Kate, Nick & Brooke and are now proud grandparents to an ever increasing group of fine, good looking offspring.

The first registered Charbray cattle were purchased in 1979 at the Nahrunda Stud dispersal at Gympie. The tremendous growth and easy doing ability of these first Charbrays, with the added benefit of tick resistance, convinced us that Charbray cattle were the most profitable in our environment and probably most other environments as well. Their saleability at fat or store markets is second to none in Queensland.

We now put a heavy emphasis on breeding generation bred (purebred) Charbrays for a much better consistency of progeny to hit the ground. **We have only used registered Charolais, Charbray or Brahman bulls in our herd since 1979 over registered females of the same breeds.**

Early stud Charolais breeders were purchased from numerous high profile studs plus smaller herd dispersals back in the eighties. Since then we have bred heavy muscled, soft fleshed French type cattle with an eye on all the traits required to perform in Queensland conditions. Traits like fertility, milk, growth and muscling rank very highly in our selection criteria. Our herd is run very similar to any commercial herd with poor performers being culled quickly.

Having access to such a large number of stud females has allowed us to be very selective within our herd and we think the bulls offered during this time reflect this as do their very positive EBV figures.

We are now running in excess of 1200 registered stud cattle, down from a peak of around 1700. We have put a big emphasis on fertility and productivity over the last few years as we have wound our herd back to a more manageable level.

About The Sale Bulls

The Charolais bulls were born at Moonie, SW Qld, and weaned back to Kandanga due to the extreme dry conditions. The Charbrays are born and bred around Gympie.

They're grown out at Kandanga on both the creek flats and pastured hills prior to a sale preparation on a specially designed cool ration.

They've seen plenty of cattle ticks plus heat and humidity, plus this group, plenty of dry gullies.

Our Charolais bulls are now showing a definite polled influence but still retain strong masculine heads plus plenty of muscling and performance.

Our Charbray bulls once again, are undoubtedly the heaviest muscled purebred Charbrays on the market. They have plenty of growth, plenty of red meat and very tidy underlines helping to improve longevity.

REBATE: 3% REBATE is offered to outside agents introducing buyers, in writing, 24 hours prior to sale, and settling within 7 days. These conditions will be strictly adhered to.

DELIVERY & TRANSPORT: All delivery arrangements are to be made in writing on the Buyers Instruction Form provided in the back of this catalogue. Free transport is being offered to Dalby via Murgon, Toogoolawah saleyards, north to Sarina & Eidsvold saleyards (via major centres only).

HEALTH: All bulls are vaccinated with 7 in 1 (as calves), 3 germ blood (as weaners) and 3-day sickness plus booster.

ALL BULLS ARE SEMEN TESTED 2 WEEKS PRIOR TO SALE

SUPPLEMENTARY SHEETS will be available on Sale Day containing the following information – Semen test results, Scrotal measurements, Weights, Scan measurements for Eye Muscle Area, rib & rump fat measurements.

ESTIMATED BREEDING VALUES (EBVs): EBVs are displayed on all bulls (where available). To obtain EBV figures, our stud Charolais cattle are weighed at weaning and once or twice before 600 days. We do not weigh our calves at birth due to the impracticality of doing so, over four different properties. However, our mature breeders are calved unassisted. Scanning data from bulls and heifers is now also submitted to improve the accuracy of carcass EBVs.

GUARANTEE: We guarantee all stock sold as sound breeders. Any claims of infertility will be strictly handled as under Section 17 of Agents Terms and Conditions.

TICK LINE CLEARANCE: All bulls treated prior to sale for immediate inspection.

AIRSTRIP: Light planes at Gympie, others to Sunshine Coast or Brisbane

ACCOMMODATION: Motels in Gympie, B&B's at Amamoor, Kandanga, Imbil & Gympie. Please call vendors to arrange accommodation if needed.

PHONES: Please contact your preferred agent to arrange phone hook-up on sale day.

REGISTRATION TRANSFERS: For transfers of REGISTERED Charolais and Charbray bulls, purchasers must be members of the relevant Society. Please indicate TRANSFER REQUIREMENTS on Buyers Instruction Form on sale day.

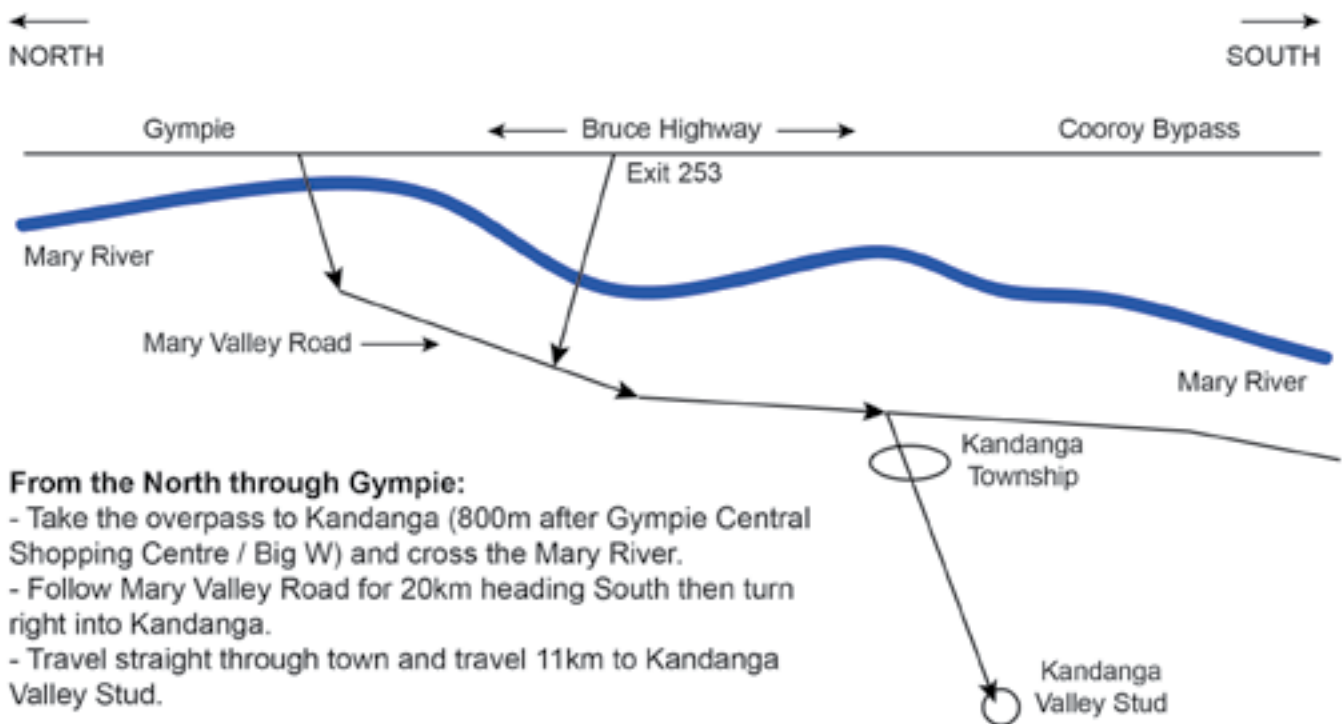

REFRESHMENTS: Lunch and refreshments will be available for purchase on sale day, catered for by the very capable Mary Valley Show Committee.

ALL BULLS ARE HANDLED WITH HORSES, DOGS AND QUADBIKES.

KANDANGA VALLEY ESKIMO - CB (KANE437)

COMMENTS: Lustre (POLLED) is once again a homebred sire that is proving the strength and quality of Kandanga Valley genetics. A POLLED sire that maintains performance and masculinity in his male progeny but femininity and great udders in his daughters. 4 sons sold so far to top at \$10,000 and average \$5875.

Represented by 1 big POLLED performance bull in Lot 45.
