Lilydale Charolais

18th Invitational Sale

11am, Thursday, 24th July 2025
Toogoolawah Showgrounds
& online via Stocklive

OFFERING:

55 Charolais bulls
2 Charolais females

For more information, contact:

Ross Sticklen: 0438 625 505

Jim Spreadborough: 0403 837 349

Greg Kelly: 0409 729 186

Natasha Schultz: 0413 034 198

Judith Turner: 0409 479 653

David Reid: 0427 102 257

Ashley Casten: 0409 448 080

FREE transport to Coolabunia, Moreton & Beaudesert
(T&C apply)

View sale catalogue online at: www.charolais.com.au

REBATE: 4% is offered to outside agents introducing buyers, in writing,
24hours prior to the sale to Sale Committee and settling within
7 days.

WELCOME....

Welcome to the 18th Annual Lilydale Invitational Charolais sale.

Our sale group will present 55 Charolais bulls of which 36 are polled, along with 2 select females with calves at foot and rejoined. All the bulls have been semen tested and scanned for eye muscle area, rib, and rump fat, blooded for tick fever, 3-day sickness and received either their 7-in-1 or 5-in-1 vaccinations. The two females are from Reids Charolais, these females are very well bred with outstanding heifer calves at foot, the cows have been rejoined.

If you intend to purchase at the sale, we recommend having a couple of cows or steers waiting in the yards at home. This helps any new arrivals calm down and settle into their new surroundings.

This year we are again offering free transport to Beaudesert via Moreton Saleyards and to Coolabunia (T & C) apply.

Supplementary sheets will be available sale day or on request prior to the sale. Inspections can be arranged through our sale agent; Boyd O'Brien & Bartholomew, their contact details are on page one. The agents can also assist if transport is required for any purchases, transport operators will be in attendance sale day.

Online bidding is available through STOCKLIVE ELITE AUCTIONS if you are unable to attend. Insurance representatives will be in attendance or available via phone, and purchases can be insured sale day.

Safety

Please remember these bulls will be in an unfamiliar environment come sale day. Do not enter the bull pens, if you need to stand one up for assessment, please ask the vendor they will be happy to assist.

We extend an invitation to everyone to join the vendors in some after sale refreshments. A canteen will be operating sale day.

A rebate of 4% is offered to outside agents introducing buyers under the term in the sale catalogue.

Regards

Ross Sticklen

HOW TO REGISTER with

Follow these easy steps to start bidding:

Visit www.stocklive.com.au using your desktop, laptop, iPad, iPhone or Android device. NO App required.

Select the **bid** icon beside the sale you wish to bid on.

If you're new, select **register**, and complete the form with all your details, **accept sale conditions**, select **create bidder registration**.

You will receive an email from StockLive. Select "**Confirm my bidding account**" to set your password and **accept** Bidder Account Terms & Conditions and Privacy Policy followed by **create my account**.

Congratulations! Your StockLive account has been created and your bid request is pending. You will be notified via email when your request to bid has been approved.

Existing users, follow steps 1 & 2, select login, enter your details followed by the **request to bid** icon beside the sale you wish to bid on and then **accept** the terms.

On Sale Day, follow steps 1 & 2, select **enter auction** to watch, listen and purchase when the sale is flashing **LIVE**.

Invoicing and delivery will be carried out as per your registration details by the respective Selling Agents.

SALE INFORMATION....

INSPECTION: All animals will be available for inspection at the Toogoolawah Showgrounds Wednesday 23rd July. Prior inspections are welcome anytime by contacting the individual vendor.

TRANSPORT: Free transport is being offer to Beaudesert saleyards via Moreton saleyards and to Coolabunia (T&C apply).

TICK TREATMENT: All animals will be pre-treated and ready to clear to tick free areas.

OUTSIDE AGENT REBATE: 4% is offered to outside agents introducing buyers, in writing, 24hours prior to sale to Sale Committee and settling within 7 days.

CANTEEN: A canteen will be operation on sale day.

SUPPLEMENTARY INFORMATION:

All bulls will be:

- scanned for eye muscle area, rib and rump fat and marbling (IMF)
- semen tested prior to the sale and weighed.

All females will either be preg tested in calf or unjoined.

This information will be available on the supplementary sheet prior to the sale.

ONLINE BIDDING: Online bidding will be conducted through Stocklive Elite. Please see previous page for instructions on how to register and bid. We recommend registering at least 24 hours prior to the sale.

INSURANCE: Ownership is transferred at point of sale. Nutrien Livestock can be contcted by phone on sale day to arrange insurance.

SALE INFORMATION Cont....

WARRANTY:

THE VENDOR WARRANTS THAT: Bulls are fertile and capable of natural service within 6 months of date of sale to the purchaser (Warranty Period) and

THE VENDOR WILL EITHER: Provide a satisfactory replacement or provide a credit for use at the next Lilydale Charolais Invitational Sale equal to the purchase price (excluding any costs and expenses of the purchaser in taking delivery) minus salvage value.

WHERE:

The purchaser claims a bull is infertile, upon purchaser submitting a veterinary report after the expiration of the Warranty Period stating that the bull is infertile or incapable of natural service, and a Statutory Declaration by the purchaser to the effect that the substance of the report is true and correct. The veterinarian must state that in his/her opinion there is no evidence that the bull has suffered any injury or illness during the Warranty Period which could have affected his breeding ability. The veterinary report and Statutory Declaration must be forwarded to the seller within 14 days of the Warranty Period expiring.

THE PURCHASER ACKNOWLEDGES THAT: The purchaser does not rely and it is unreasonable for the purchaser to rely on the skill or judgement of the seller as to whether the bulls supplied are reasonably fit for any purpose for which they are being acquired.

To the extent permitted by law all other conditions and warranties implied by law in respect of the state, quality and condition of the bulls which may apart from this clause be binding on the Seller are excluded. The Seller has no liability (including liability in negligence) to any person for any loss or damage consequential or otherwise suffered or incurred by that person arising from the sale of the bulls to the purchaser.

TAKING YOUR NEW BULL HOME: On arrival at their new home it is important that a suitable mob of animals is on hand to greet the bull to minimise the stress on the bull. Suitable animals include pregnant cows or steers, **not** other bulls.

Bovine Progressive Ataxia (BPA) is an incoordination observed starting in the rear legs of young adult cattle. The disease progresses over a period of weeks to months until cattle are unable to stand up. Bulls with BPA going into cross-bred breeding programs should not cause any problems. Please discuss with the vendors the status of their sale animals.

UNDERSTANDING BREEDPLAN....

Estimated Breeding Values (EBVs)

Calving Ease EBV (%) are based on calving difficulty scores, birth weights and gestation length information. More positive EBVs are favourable and indicate easier calving.

- **CE% Dir = Direct Calving Ease** - The EBV for direct calving ease indicates the influence of the sire on calving ease in purebred females calving at two years of age.

- **CE% Daughters = Daughter's Calving Ease** - The EBV for daughters' calving ease indicates how easily that sire's daughters will calve at two years of age.

Gestation Length (days) is an estimate of the time from conception to the birth of the calf and is based on AI records. Lower (negative) GL EBVs indicate shorter gestation length and therefore easier calving and increased growth after birth.

Birth Weight EBV (kg) is based on the measured birth weight of progeny, adjusted for dam age. The lower the value the lighter the calf at birth and the lower the likelihood of a difficult birth. This is particularly important when selecting sires for use over heifers.

200 Day Growth EBV (kg) is calculated from the weight of progeny taken between 80 and 300 days of age. Values are adjusted to 200 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth to early ages.

400 Day Weight EBV (kg) is calculated from the weight of progeny taken between 301 and 500 days of age, adjusted to 400 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for yearling weight.

600 Day Weight EBV (kg) is calculated from the weight of progeny taken between 501 and 900 days of age, adjusted to 600 days and for age of dam. This EBV is the best single estimate of an animal's genetic merit for growth beyond yearling age.

Mature Cow Weight EBV (kg) is based on the cow weight when the calf is weighed for weaning, adjusted to 5 years of age. This EBV is an estimate of the genetic difference in cow weight at 5 years of age and is an indicator of growth at later ages and potential feed maintenance requirements of the females in the breeding herd. Steer breeders wishing to grow animals out to a larger weight may also use the Mature Cow Weight EBV.

Milk EBV (kg) is an estimate of an animal's milking ability. For sires, this EBV indicates the effect of the daughter's milking ability, inherited from the sire, on the 200 day weights of her calves. For dams, it indicates her milking ability.

UNDERSTANDING BREEDPLAN....

Scrotal Size EBV (cm) is calculated from the circumference of the scrotum, measured in centimetres and adjusted to 400 days of age. This EBV is an estimate of the sire's genetic merit for scrotal size and is positively correlated to age of puberty in female progeny.

Carcase Weight EBV (kg) is based on abattoir carcase records and is an indicator of the genetic differences in carcase weight at the standard age of 650 days.

Eye Muscle Area EBV (sq cm) is calculated from measurements from live animal ultrasound scans and from abattoir carcase data, adjusted to a standard 300kg carcase. This EBV estimates genetic differences in eye muscle area at the 12/13th rib site of a 300kg dressed carcase. More positive EBVs indicate better muscling on animals. Sires with relatively higher EMA EBVs are expected to produce better muscled and higher percentage yielding progeny at the same carcase weight than will sires with lower EMA EBVs.

Rib Fat and Rump Fat EBVs (mm) are calculated from measurements of subcutaneous fat depth at the 12/13th rib site and the P8 rump site (from live animal ultrasound scans and from abattoir carcasses) and are adjusted to a standard 300kg carcase. These EBVs are indicators of the genetic differences in fat distribution on a standard 300kg carcase. Sires with low, or negative fat EBVs are expected to produce leaner progeny at any particular carcase weight than will sires with higher EBVs.

Retail Beef Yield EBV (%) indicates genetic differences between animals for retail yield percentage in a standard 300kg carcase. Sires with larger EBVs are expected to produce progeny with higher yielding carcasses.

Intramuscular Fat EBV (%) is an estimate of the genetic difference in the percentage of intramuscular fat at the 12/13th rib site in a 300kg carcase. Depending on market targets, larger more positive values are generally more favourable.

Selection Indices

Northern Marernal Index (NMI): Estimates the genetic differences between animals in net profitability per cow joined for a typical commercial self-replacing herd where Charolais bulls are joined with Bod indicus cows in Northern Australia targeting the grass fed Jap ox market. Selected heifers are retained for breeding and so maternal traits are of importance. Steers target 650kg live weight (360kg HSCW and 12mm p8 fat depth) and heifers 630kg (340kg HSCW and 14mm p8 fat depth), at 26 months of age. In response to industry feedback, positive emphasis has been placed on finishing ability.

UNDERSTANDING BREEDPLAN....

Domestic Terminal Index (DTI): Estimates the genetic difference between animals in net profitability per cow joined for a typical commercial herd where Charolais bulls are joined with a British breed cow base (eg Angus) targeting the domestic trade. This index assumes all progeny will be marketed with steers finished in the feedlot for 90 days, and weighing 450kg (250kg HSCW and 7mm p8 fat depth) when marketed at 12 months. Heifers will be in the feedlot for 75 days, and weigh 430kg (230kg HSCW and 9mm p8 fat depth) at 12 months. In response to industry feedback, positive emphasis has been placed on finishing ability.

Accuracy

Accuracy (%) is based on the amount of performance information available on the animal and its close relatives - particularly the number of progeny analysed. Accuracy is also based on the heritability of the trait and the genetic correlations with other recorded traits. Hence accuracy indicates the 'confidence level' of the EBV. The higher the accuracy value the lower the likelihood of change in the animal's EBVs as more information is analysed for that animal or its relatives. Even though an EBV with a low accuracy may change in the future, it is still the best estimate of an animal's genetic merit for that trait. As more information becomes available, an EBV is just as likely to increase in value, as it is to decrease.

Accuracy values range from 0-99%. The following guide is given for interpreting accuracy:

- **less than 50%: Low accuracy.** EBVs are preliminary and could change substantially as more performance information becomes available.
- **50-74%: Medium accuracy.** Usually based on the animal's own records and pedigree.
- **75-90%: Medium-high accuracy.** Some progeny information included. EBVs may change with addition of more progeny data.
- **more than 90%: High accuracy** estimate of the animal's true breeding value.

As a rule, animals should be compared on EBVs regardless of accuracy. However, where two animals have similar EBVs, the one with higher accuracy could be the safer choice, assuming other factors are equal.

For further information, please contact the Charolais Society or Charolais BREEDPLAN.

Ulysses has a great breed plan, he is in the top 5% for milk and gestation length. Top 15% for ease of calving, top 25% for birthweight, and above average growth traits. Making him a first class heifer bull. He has a great temperment making him easy to work with, a short coat, and good feet. He is the youngest bull in our draft at 21 months, well worth considering. He has been DNA tested BPA free.

TERMS & CONDITIONS...

Queensland Livestock Agents Association Limited

STANDARD STUD STOCK-AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTE: All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to Conditions 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneer's absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "No Sale" basis, whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the Sale Clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving and reason therefore to:-
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions;
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) No lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.

TERMS & CONDITIONS...

8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.

9. (a) PAYMENT—Unless prior to credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidders' offer be the vendor and prior to delivery. Notwithstanding that delivery is given to ar possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated and until property shall pass, the purchaser shall hold such lot as Bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to;

(i) Rescind the contract on behalf of the vendor and repossess and resell any lot;

(ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA Bill Rate and two percentum. For the purposes of the condition, the expression "The AMBA Bill Rate" is the rate published by the Australian Merchant Banker's Association in good faith as at the date of the sale as its Bill Rate for 180 day Bills of Exchange expressed as a percentage per annum. If at any time the AMBA Bill Rate becomes unavailable for any reason, the auctioneer shall determine and advise the purchaser for the interest rate to apply for the purpose of this condition.

9. (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.

10. If the purchaser shall neglect or fail to comply with any of the with in conditions any lot purchased by him may be immediately resold by Public Auction or Private Contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.

11. Any vendor or purchaser removing the Sale Number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damages should the lot be wrongly delivered.

12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions and shall jointly and severally carry out and perform sale.

13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however that this condition shall not in any way negate the vendor's right to claim against any principal and such case the bidder's liability shall be construed to be by way of guarantee.

TERMS & CONDITIONS...

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf, for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.

15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.

16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trades Practices Act or any applicable State legislation which cannot be contractually these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby executed. The auctioneer is not liable in respect of any error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.

16. (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to remain with the vendor.

17. In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser, and the auctioneer, while he shall use his best endeavours to assist, shall have no liability or responsibility in the regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these Terms and Conditions.

18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.

18. (b) If any vendor brings to the premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right in its absolute discretion, to exclude from the sale venue or dispose of any lot which in its opinion

shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.

19. DELIVERY. Except at the discretion of the auctioneer, no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer, pursuant to Conditions 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.

TERMS & CONDITIONS...

20. In these Condition:-

(a) References to “auctioneer” shall be taken to mean as the contest so admits, the Selling Agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot.

(b) “Purchaser” shall have the meaning ascribed to it in Condition 1.

(c) “Vendor” shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm.

(d) “Lot” shall be taken to mean the animal offered for sale and/or sold be the auctioneer on behalf of a vendor.

IMPORTANT NOTICE The Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents and employees for themselves and for those for whom they act while exercising due care provide all information without responsibility and give no guarantee whatsoever as to its accuracy. All persons who attend the sale do so entirely at their risk and the Vendor and the Selling Agent, its members, subsidiary or related corporations, officers, agents, employees and its principals, for themselves and for those for whom they act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever which may occur.
